24 25 26 27 28	DECLARATION OF EF	RIC HARROLD Case No. CVRI2300320

1 || I, Eric Harrold, declare as follows:

2 I am over the age of eighteen, a Plaintiff and a proposed Class Representative in the 1. 3 above-entitled matter. I submit this declaration in support of the Motion for Preliminary 4 Approval of Class Settlement and in support of my application for a Class Representative 5 Service Payment. 6 2. I have personal knowledge of all the facts stated herein. I could and would competently 7 testify under oath to these facts in court if requested to do so. 8 9 3. I have worked as an Aviation Maintenance Technician for Defendant Spartan Education 10 Group, LLC ("Spartan") in California since February of 2022 and during that time period I have 11 been classified by Spartan as a non-exempt employee. 12 4. I retained my attorneys who are experienced in both class action and PAGA 13 representative action litigation and claims against employers for violations of the California 14 Labor Code. I have no personal relationship or family ties to my attorneys or any officer of the 15 16 Court. I am not aware of having any actual or potential conflicts of interest with another class 17 member in this case nor am I aware of having any actual or potential conflicts of interest with 18 Apex Class Action Administration, the settlement administrator. I am not aware of any other 19 pending matter or action asserting claims that will be extinguished or adversely affected by this 20 settlement. 21 5. I decided to pursue this class action lawsuit and be a plaintiff/class representative 22 because I felt that my legal rights as an employee and others like me were violated. For example, 23 24 due in part to my heavy work demands, I sometimes did not receive compliant meal and rest 25 breaks which were late, interrupted or missed entirely. From time to time I also had to work 26 during what should have been my off duty meal and rest breaks but was not paid any minimum 27 DECLARATION OF ERIC HARROLD 28 Case No. CVRI2300320

or overtime wages for this time I worked. I also had to use my personal cell phone for workrelated purposes such as scheduling but was not reimbursed for the costs I incurred for using my
cell phone for work-related issues.

6. I spoke to my attorneys several times and discussed how Spartan implemented 5 its company policies and procedures. I also assisted my attorneys in their investigation into my 6 claims by providing them documents and answering their questions. I reviewed the complaint 7 before it was filed and after it was filed I was given access to an electronic file sharing program 8 9 that alerted me via email when important documents were filed so that I could review them and 10 keep up with the developments in the case which I understood was one of my duties as a class 11 representative. I would also contact my attorneys from time to time if I had any questions about 12 the case.

7. Even though this action is in the process of settling, I was and remain prepared to
perform all the duties of a class representative. I understand that as a class representative I have
assumed a fiduciary responsibility to prosecute this class action on behalf of the absent class
members. I have understood that as a fiduciary, I have a duty to prosecute this action for the
benefit of the class members and surrender any right to compromise the group action for an
individual gain.

8. I understood that being a plaintiff/class representative in this case meant that I
was seeking damages not only for myself but also other current and/or former non-exempt
employees working for Spartan in California who make up the class. I felt that these individuals
were not aware of their labor law rights and even if they were they would probably be
apprehensive about speaking up or even simply because of the time, effort and risk involved in
filing a class action lawsuit.

28 DECLARATION OF ERIC HARROLD	Case No. CVRI2300320		

Although I did not keep time records, I was in regular contact with my attorneys, reviewed court
filings, and spent a significant amount of time on the issues presented during the lawsuit and in
the settlement process. I estimate that I spent approximately 30 hours working on this case up
until this point. I believe I have been diligent and have done what is expected of a named
plaintiff and a proposed class representative to date, and will continue to do so. I have and
always will maintain the best interest of the class members.

8 13. My attorneys explained to me that the settlement process involves a two-step
9 review by the Court to determine whether the settlement is fair before approving the settlement.
10 I know this process also involves notifying all class members of the settlement terms and of their
11 rights to make a claim for their settlement share, to opt out of the settlement or to object to the
12 settlement.

14. I believe I did the right thing by filing this case on behalf of the class members who,
subject to court approval, are in line to receive monetary payments as a result of this case and
settlement. This is money they may never have ever gotten if I did not pursue this action on their
behalf. I feel significant personal satisfaction to know that I played a role in the class members
being entitled to monetary payments as a result of the filing of this lawsuit. I also believe that
the requested Class Representative Service Payment of \$15,000 from the settlement is fair
compensation for the work I performed and the risks I undertook.

15. As part of the settlement it was necessary for me to sign a general release of all claims I
may have against Spartan. I believe the Class Representative Service Payment I have requested
provides me with some compensation for this agreed release.

28

1	event we did not win the case, the reputational risk that future employers may hold this lawsuit		
2	against me, the general release and in light of the size of the settlement, I believe the request for		
3	\$15,000 as a Class Representative service payment is fair and reasonable.		
4	I declare under penalty of perjury under the laws of the State of California that the		
5	foregoing is true and correct.
